

## IP 2002 / IP 2004 Visual In-Use Indication

An external In-Use indicator light can be interfaced to either an IP Phone 2002 or IP Phone 2004 through the use of the Algo 8001 IP Alerter.

### Requirements

- 8001 IP Alerter
- 1127P Desktop Visual Alerter or 1126P Strobe Light
- Pre-wire

For more information please refer to [www.algosolutions.com/8001](http://www.algosolutions.com/8001)

For CS 1000 IP Telephones:  
IP Phone 2002 and 2004
