

Algo Communication Products

Algo works with UC and mass notification partners to extend communication into physical spaces through audible and visual IP solutions. With 50+ years of experience, customers trust Algo for dependability, compatibility, flexibility, and ease of deployment in their paging, intercom, and alerting system needs.

Raptor Technologies

Raptor is the school safety partner of choice for more than 60,000 schools in 55 countries providing SaaS and mobile technology as well as comprehensive training and consultation solutions across the entire school safety lifecycle. Ranging from crisis prevention and preparation to emergency response and recovery, Raptor helps districts, schools, and childcare centers create a safer learning environment.

Technical Integration

Raptor and Algo integrate through **Raptor Connect** with Algo IP endpoints certified for compatibility and interoperability. The bi-directional integration allows Algo endpoints to initiate Raptor incidents, such as lockdowns, active threats, and weather emergencies, while the Raptor App can also send emergency alerts to connected Algo IP endpoints.

UC platform compatibility:

Examples shown. Additional UC and IP PBX platforms supported.

Algo Solutions:

- **IP Visual Alerters:** flash color-coded alerts (e.g., red for lockdown, amber for weather).
- **IP Displays:** show scrolling text instructions synchronized with audio.
- **IP Speakers:** broadcast live or pre-recorded announcements campus-wide.
